### Women Ask Right to Vote for Congressmen

### Rev. Olympia Brown Appears Before House Election Com- mittee to Argue for French Bill.

[By Lensed Wire to Evening Herald.]  
Washington, March 24.—Women suffragists, headed by the Rev. Olympia Brown of Wisconsin, president of the Federal Suffrage association, today sought the aid of the house elections committee in behalf of the French bill, which would provide that women who are citizens of the United States and possess similar qualifications as are required of men voters, shall be eligible to vote.

"In all states of the union at elections for members of the house of representatives of the United States," Mrs. Clara Bewick Colby of Portland, Ore., speaking in support of the bill, declared that under the constitution and the interpretations of the courts "women were people and citizens, and congress, therefore, should recognize them as such, and extend the rights of federal suffrage to them." She cited the decision of Chief Justice Taney that the words "people of the United States" and "citizens" are synonymous terms and mean the same thing, and added that the constitution now provided that "the people" should choose the members of the senate and the house."

**SPECTATORS THINK ROUND**  
**ENDED ABOUT EVEN**  
Washington, March 24.—Women suffragists and anti-bill supporters today before the house elections committee—this time over the French bill to permit certain qualified women to vote at congressional elections. Both contingents numbered men among their supporters.

Spectators who claimed they were unbiased thought the arguments about equal, but committee gave no evidence of its feelings.  
The Rev. Olympia Brown of Racine, Wis. and Mrs. Clara Bewick Colby of Portland, Ore., presented the case of the suffragists and Miss Lucy Price and Miss Minnie Bronson, the latter secretary of the National association, opposed to woman suffrage, declared a majority of the women of the United States did not wish to vote.

Representative French of Idaho, author of the bill and Representative Sherry of Kentucky had a joint debate that interrupted the hearing and drew volleys of applause from both sides. Mr. Sherry contended the courts had held that the states were the sole judges of the qualifications of their voters and that it was beyond power of the federal government to intervene.

## BILL PROPOSES TO OPEN ALASKAN COAL LANDS BY LEASE

Senate Public Lands Committee will Report Favorably Measure Designed to Bring About Development.

### CAREFULLY GUARDED AGAINST MONOPOLY

[By Lensed Wire to Evening Herald.]  
Washington, March 24.—Opening of Alaska coal lands under a leasing plan was proposed in a bill agreed on today by the senate public lands committee, and which will be favorably reported by Chairman Myers.  
Under the bill 5,129 acres in the Bering river district and 1,889 acres in the Matanuska field will be reserved to be mined by the government when in the opinion of the president "the mining of such coal becomes necessary by reason of an insufficient supply of coal at a reasonable price" for the navy and government work, "and for relief from oppressive conditions." The bill proposes that the unreserved lands be surveyed into forty-acre tracts or multiples thereof, the maximum being fixed at 500 acres for any tract. They are to be leased to competitive bidders, not more than one tract being included in any lease.  
Railroads would be prohibited from acquiring a greater coal supply than needed for their own uses.

Provision is also made for the relinquishment of pending claims under the public land law. Claimants will receive a refund of money and a prior right of selection under the leasing law.  
The total average of contiguous land which one person or corporation might hold, in the discretion of the secretary of the interior, would be fixed at 2,560 acres, and consolidation of small contiguous holdings would be permitted if the area involved were within that figure.

The bill seeks to prevent interlocking interests in leases by forbidding any person or interest to take or hold any interest in a stockholder or otherwise in more than one lease, and providing any interest held in violation of that provision shall be forfeited to the United States. Any person who buys or holds any interest in two or more such leases, or any person who knowingly sells or transfers to a person disqualified to hold a lease, will be guilty of a felony with penalty of imprisonment for not more than three years and by a fine not exceeding \$1,000.

## RADICALS IN JAPAN RALLY IN EFFORT FOR CONTROL

### Resignation of Cabinet Lends Encouragement to Campaign for Complete Overthrow of Clan Rule.

[By Lensed Wire to Evening Herald.]  
Tokyo, March 24.—The resignation of the Japanese cabinet today has given rise to considerable discussion in political circles in Japan.  
The radicals consider the disappearance of Admiral Count Gombel Yamamoto's cabinet as a blow to the system of clan government and they are fighting the influence of the old conservative, bureaucratic groups represented by the Satsuma and Chokai factions in behalf of what they term a true constitutional regime.  
Emperor Yoshihito today conferred with a number of the elder statesmen and with the Marquis Kimmochi Saionji, former premier.  
The view is generally expressed that either the Marquis Satomori of Baron Takaki Kato, a former foreign minister is to form the new cabinet.

A statement was published by the government today declaring that the cabinet had resigned on account of the failure of the house of representatives and the house of peers to agree on the budget. It was pointed out that under an extraordinary session of parliament should be called the budget of last year and the estimates for the various departments would remain in operation.

The declaration states that the naval scandal in connection with the giving of such commissions to influence the attainment of contracts had nothing to do with the breakup of the cabinet. It argues that if the naval scandal had been the cause of the cabinet's fall it would have occurred at an earlier date.

A heated debate took place in the house of peers today when Lieutenant Admiral Viscount Behnken declared that the naval scandal had been destructive of discipline in the navy and that the Japanese blue-jackets regarded their superior officers with contempt owing to the revelations of corruption. It was explained in the course of discussion that the house of peers had reduced the appropriation of the navy, first, because of allegations of corruption; second because of the failure of the government to accord an equal expansion to the army.  
All the opposition journals attribute the fall of the government to the naval scandal.

## BITTER FIGHT ON ADMINISTRATION TICKET IN THE PRIMARIES

As a result of the Democratic primaries last night the city convention on Thursday night will line up with delegations from the Third and Fourth wards in favor of Mayor D. K. B. Sellers as the Democratic nominee, to succeed himself, and with a majority of five votes for the mayor over the delegations from the First and Second wards, which are opposed to Mr. Sellers for the nomination.

In the First ward the fight against the nomination of the mayor to succeed himself was so bitter that the opposition, after winning its fight and electing an anti-delegation, passed a set of resolutions, not only pledging the delegates not to vote for Sellers, but instructing them, in the event of his nomination, to walk out of the convention in an action believed to be unique in the annals of the mass primary system, in course of which many unusual things have been done.

In the Second ward, although the fight against the mayor was successful it was by no means so bitter, and while the delegates elected are anti-administration delegates, it was stated today that in the event their candidate for the nomination, T. J. Pasmore, cannot get a majority of the votes in the convention, they will abide by the convention's action.

This means, so far as can be seen, that the mayor will get the Democratic nomination, although by a closer vote in the convention than had been expected.

**Fight Becomes Bitter.**  
The anti-administration forces mustered all their strength in the primaries last night and made a fight in every ward, although it was strongest in the First and Second. There the attendance was the largest on record in any Democratic primary in Albuquerque, and it is said by well informed citizens that the attendance of anti-administration voters represented almost the entire strength of the anti-Sellers feeling in the two wards.

All of the ward delegations are holding caucuses tonight which are being watched with interest, as it is known that efforts will be made in the Third and Fourth ward delegations to recruit further strength for the opposition to the mayor. The two delegations are said this afternoon to stand solidly for Sellers. At these caucuses, candidates for the council also will be chosen for presentation to the convention. It is likely also that there will be preferences expressed for the city clerk and treasurer nominations.

### FIRST WARD RESOLUTION

**INSTRUCTS FOR BOYCOTT**  
In the First ward the primary meeting was a fight from the start with the anti-administration forces led by Louis A. McEneaney, chairman of the Democratic city committee, and Rex H. P. Williams as the leaders. The resolution adopted by this primary is as follows:  
"Whereas, at the city election held two years ago, the Democratic party pledged to the people,

## HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but with out success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when I was 10.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

through its platform, adopted at the city convention, to submit to the vote of the people certain matters; and the nominee of that convention for mayor, D. K. B. Sellers, promised, if elected, the faithful carrying out of those pledges.

"And, whereas, D. K. B. Sellers, when elected mayor on said platform, did faithfully violate his party's pledge and personal promises, thus deceiving the people and nullifying the pledge of the party to the people;

"And, whereas the said D. K. B. Sellers is now seeking to be re-nominated for mayor on the Democratic ticket;

"Now therefore, be it resolved, That if the Democratic party of the city of Albuquerque should in any way endorse the action of said D. K. B. Sellers in violating the pledges of the party, it will be deserving of the contempt and distrust of all decent people.

"And be it further resolved, That the delegation from the First ward are hereby instructed that as soon as the name of D. K. B. Sellers is presented to the convention the chairman of the delegation shall move that the nomination of D. K. B. Sellers be laid on the table, and if that is done the delegation shall place in nomination for mayor a citizen who is a Democrat, business man, property owner whose record for business success and personal integrity will commend him to all Democrats and voters.

"And be it further resolved, That if the convention refuses to table the nomination of D. K. B. Sellers, the delegates are hereby instructed to withdraw from the convention, and in no wise participate in their proceedings."

**Mayor Replies to Resolutions.**  
The First ward sellers ward, while he took little part in the primary, up to the passage of the resolution, the mayor made a little speech following its passage in which he called attention to the fact that in the Democratic party the rule of the majority is the cardinal principle and expressed surprise that Democrats should work to instruct delegates to violate this principle.

The delegates from the First and the number of votes received are as follows:  
Louis A. McEneaney, 50; the Rev. H. P. Williams, 45; J. N. Strumquist, 41; F. P. Garcia, 47; E. Jaramilla, 47; J. L. Cooper, 45; J. D. Emerson, 45; Frank Hoot, 45; D. E. Wilson, 44; Dr. Patchin, 45; and C. P. Jones, 44. The highest vote received by an administration delegate was 26.

After the primary Mayor Sellers said that while the fight seemed to be directed wholly against himself he had not been a candidate for the nomination, being merely in a receptive position.

In the second ward the anti-administration forces had an easy victory, electing delegates known to be opposed to the mayor's nomination. The second ward delegates are as follows:  
T. J. Pasmore, 83; Edward Bass, 79; Dr. Burton, 76; C. E. Hinds, 75; W. C. Clark, 73; the Rev. S. E. Allison, 72; J. A. Montoya, 72; E. Thompson, 72; W. Moore Clayton, 70; N. Dorris, 71; W. Bailey, 68; M. Oakley,

67; and H. Stever, 66.  
The alternates are: C. Keppeler, 38; Dr. W. H. Chamberlain, 35; Councilman J. A. Skinner, 35; S. E. Roehl, 35; T. Holwell, 33; John Bonnell, 32; C. A. Cole, 31; Fred Klein, 31; Dennis Chavez, 28; A. Michaels, 27; Councilman Thomas Isherwood, 27; O. A. Burnett, 23, and Dr. W. R. Lovelace, 21.

While there was opposition to the administration ticket in the Third ward the Sellers forces were easily in control of the situation, electing the following delegates:  
John Tansberg, 46; Rafael Garcia, 39; Sam Livingston, 38; Frank McKee, 42; S. S. Gilbert, 43; James Hennessy, 45; Councilman S. B. Coen, 43; Austin Sanchez, 36, and District Attorney M. U. Vigil, 40.

The fourth ward delegation is solid for Mayor Sellers for the nomination, with the following delegates:  
Dr. R. L. Hurd, Frank Burt, J. L. LaBriere, Dr. D. H. Carns, H. P. Aselin, John S. Deaven, W. Y. Walton, P. E. Sullivan, John Tierney, T. J. Naylor, W. C. Heacock, F. Franchini, John C. Lewis, T. A. Egan, N. P. Leauer, Frank Lanham, William Beauchamp, Scott Knight, C. A. Hudson.

While the fight on the mayor in the primaries was a bitter one and while other nominees will be placed before the convention, his nomination is now considered as assured, and it is understood today that while the opposition has talked a great deal about a third ticket, it has not been able to concentrate itself upon a candidate and is likely to end in talk.

With the mayor's nomination a practical certainty interest today has centered in the contest between Bert Baker and T. J. Naylor for the city clerkship nomination. The delegates are about evenly divided, and the contest promises to be finished on the floor of the convention. There is no opposition to the nomination of William Kieker for treasurer.

The nominees for the city council probably will be determined in the ward caucuses tonight and tomorrow night.

### IMPORTANT REHEARSAL OF CHORAL SOCIETY

The regular rehearsal of the Albuquerque Choral society will be held tonight at 8 o'clock in the First Presbyterian church, in preparation for the society's second concert which is to be given April 14th, the Tuesday following Easter. The society is making good progress with the elaborate oratorio, "The Hammer of St. George," which is about the most pretentious musical feature ever attempted here, and which promises to be entirely successful. All members of the society are urged to be present at tonight's rehearsal on time.

## JONES TO PREPARE MINERAL SHOW FOR SAN DIEGO

**President of State School of  
Mines to Arrange Splendid  
Showing of State's Mineral  
Resources.**

Dr. Fayette A. Jones, president of the state school of mines at Socorro, is to take charge of the New Mexico mineral exhibit at the San Diego exposition in 1915. Dr. Jones is in Albuquerque today in conference with Col. Ralph E. Twitchell, chairman of the state exposition commission, on details of the exhibit. He has had wide experience in work of the kind, having prepared the notable New Mexico exhibit of minerals at the St. Louis world's fair. Dr. Jones has been promised all necessary support in preparing the exhibit, which is designed to include a complete showing of every mineral known to exist in the state in commercial quantities, and also of the many rare minerals which so far as known are not in commercial deposits. Especial attention will be paid to a huge display of coal and iron ores and also to copper. There will be a special feature of the radio-active ores of the state, it being Dr. Jones' opinion that radium bearing ores exist in great quantities in New Mexico. The exhibit will do much to advertise the state school of mines.

The school of mines, according to Dr. Jones, is having the best year in its history. The enrollment shows a 15 per cent increase over last year, and the grade of the work being done is materially advanced. There will be five graduates this year.
